

# TRACI DOUGHERTY

## Speaking & Thought Leadership

25+ conference presentations across keynotes, workshops, panels, and webinars for regional, national, and international audiences.

### FEATURED TOPICS

- **From Collection to Classroom: Unlocking Data** — Using available evidence to move from information gathering to clearer instructional and organizational decisions.
- **Proficiency Portfolios** — Designing portfolio systems that make growth visible and connect student work to proficiency outcomes.
- **Creativity as Evidence of Learning** — Reframing creative performance, writing, and interpretation as rigorous demonstrations of understanding.
- **Building Sustainable Student Leadership** — Creating role clarity, succession, ownership, and authentic leadership pathways.
- **Program Preservation and Advocacy** — Using data, stakeholder narratives, and practical pilots to strengthen vulnerable programs.
- **Neurodiversity in World Language Teaching** — Designing clearer, more flexible learning systems that support neurodivergent students and educators.
